 supervision of responsible adults and will be safe for the length of the performance. The dressing

BACKSTAGE

Family members and friends are not allowed backstage or in the dressing rooms during rehearsals or the Recital. The same applies after the show. There is a lot of backstage activity in a limited space, and dressing rooms are a private area. Please remind your family and guests to be respectful of these areas. Those who wish to greet a performer after the show or present flowers should do so outside the pick-up area. There will be a photo op at the theater entrance for dancers and families to take photos, if they wish, at the conclusion of the recital.

SHOW ORDER

Many of you may be wondering how we go about producing the lineups for the show. The preparation is a slow and tedious process. We start by looking at how many students are in more than one dance and if they have siblings who are also in the shows. We then lay out the shows based on keeping all these challenges in mind. As you can imagine, organizing many students becomes quite the task as we also try to design the shows with a nice flow and a variety of dance styles. Please keep in mind that not every family will be able to see all their child's (children's) dances in one show. Unfortunately, it is an impossible task. We have done our very best to accommodate our families.

STAGE REHEARSAL INFORMATION

What is a "Stage Rehearsal"?

A stage rehearsal with music & lights but NO COSTUMES. Participation is mandatory for all dancers. Participation in the Stage Rehearsal is mandatory. The rehearsal allows the students to become familiar with the auditorium surroundings and feel comfortable with their performance while being on stage. Lighting, music cues, set changes, and all other logistics for an organized and professional performance are rehearsed so that the students make the best impression possible. We do our best to run an organized and timely dress rehearsal. Your help and patience in this process will guarantee a professional production. During Rehearsal, parents will also be practicing the check-in process for the day of the show. Students and parents will be given a tour of the backstage area prior to their child's on-stage rehearsal. RECITAL MAKE UP APPLICATION INSTRUCTIONS

FACE FOUNDATION

Use to match skin tone. Use at parent's discretion

E.L.F Bite-Size eyeshadow "Cream & Sugar"

EYELINER/MASCARA (black/brown)

Use at parent's discretion. Mascara and eyeliner help best to open the eyes on stage. We suggest a TRAVEL SIZE mascara, the wand will be easier to use with small

BLUSHA shade or two darker than everyday color

E.L.F SRSLY Satin Lipstick "Cherry"

Two things we hear a lot from parents regarding recital makeup:

- "Why does she need to wear so much makeup for the recital? She's too young." "How do I do dance recital makeup? I don't even wear makeup myself."
- a) **Those super cute shiny costumes look stunning on stage!** And they will completely overshadow your dancer's beautiful smile and facial expression if we don't apply enough makeup.
- b) The stage lights are very intense and make a dancer's face look washed out. Properly applied makeup will enhance your dancer's features under bright, colorful stage lights.
- c) The dancers are elevated on a stage and are very far away from the audience. This makes the facial features disappear and your dance will look less lively and joyful on stage.

RECITAL HAIR INSTRUCTIONS (FOR LOW/HIGH BUN)

Step 1

Using the hairbrush or comb, brush the hair back into a ponytail (please refer to class list for placement). Apply hairspray or gel to tame wisps and strands of hair that are not long enough to reach the ponytail. Then secure the ponytail with an elastic hair tie. Depending on the dance you could make the bun down on the neck, middle of the head or higher. So make sure you know which one is required for your character in the show.

Step 2

Twist (or braid) the ponytail and put in pins. Start twisting the hair and put it around the center making a tight circle. Then secure the twist with the bobby pins or hairpins by putting them as many as you need. To do this, open the pin and then make sure the pin grabs part of the hair from the twist and goes straight in the head. If the dancer feels a constant pain when the pin is applied remove it and put it again until there is no pain. If you have a lot of hair, you can divide the ponytail in two parts and twist them apart. Put one twist around first with pins and then the other twist. Depending on your hair if is thin or thicker you will like to use the bobby pins to grab bumps and thin hairs and the hairpins for thicker parts.

Step 3

Put the hair net on. Wrap the hair net around the bun to catch loose hairs. With a few twists the net should be tight on the bun and you can put some pins to secure it. You can also insert more pins around the bun to re-shape or secure loose parts of the bun.

Step 4

Use hair spray or gel to secure hair around the face or any loose strands. This step it is fundamental for shows, but for class, do so as needed.

RECITAL HAIR INSTRUCTIONS (CONTINUED)

Slicking back the hair

It's important for the hair, whether it be a bun or ponytail, to be pulled back securely, and free of fly-a-ways. To get this slicked-back look, a little bit of water and hair gel will typically do the trick. Before pulling the hair back in to the ponytail, spray the roots with some water to dampen it, then work in some gel. As you brush through and secure the ponytail, this will help set it in a sleek and smooth look.

If you have some fly-a-way hairs, spray them with hairspray and use a toothbrush to brush them down (this is a great tip one of our dancers shared with us and it works very well). For the stubborn fly-a-way hairs at the back of the neck, use bobby pins and hairspray to secure them in place.

Finally, top off your look with a finishing coat of hairspray. Don't worry if the hair feels hard or sticky. No one has to touch a dancer's hair on stage, but it does need to be held securely in place with good elastics, bobby pins and hair products. The tighter, slicker, and more solid the hair-style feels, the better!

The Shake Test

To ensure a hair style is secure for a dance performance, ask your dancer to shake her head around for about 15 seconds – moving up, down, forwards, backwards, and side to side. If it feels loose to them, tighten it with additional elastics and hairpins. No one wants a dancer's bun to fall apart on stage in the middle of a dance!

Final Thoughts

Use elastics, bobby pins, and hairnest that match your dancer's hair color. Fluorescent hair elastics and bobby pins can distract the audience from the dance. In a group dance, dancers should look uniform. This includes their hair.

Remember to use a hairnet to secure your bun. Hairnets really can save a bun by helping to hold the bun in place and flatten it out.

If your dancer has a hair-piece for a dance, don't forget to put that in her hair too. The general rule for hair-pieces is if one person doesn't have theirs for a picture or performance, no one in the group wears one!

Practice your hairstyles. Nothing can be more frustrating than hair trouble on picture day or performance day. Practicing buns and ponytails a few days before will help make performance day hair-prep run smoothly and stress-free.
